Thanks Mike for the info.

Sabrina – I agree and will switch my time to QB when PP+ lets me.

Thanks,

Rob

Hi Rob, yes – we should try to get as close via the right action code to the work we are actually doing. A lot of time it comes down to common sense. Looks like both you and Sabrina are trying to do that. Thanks, Mike

Mike,

Does the specific action code make a difference for accounting purposes? For what it's worth, I charged to the HR code this week.

Thanks, Rob

Hi all, I have been using the PA/SI QB charge number since we don't have the official go on proposing a site. My general philosophy has been to charge QB for all the deliberative PA/SI related work, data gap filling, etc. for all sites to QB. When we are actually working on a package, getting official QA input, etc. then I change to HR.

That number I've used is: UPPER ANIMAS MINING DISTRICT - GENERIC PA/SI - SITEWIDE –

2015 T 08L 303DD2 085MQB00

Let me know if I should change this week's charges and into the future to the HR code.

Sincerely,

Sabrina Forrest

Rob – Here is what I have for a hazard ranking but I've copied Mike Rudy in Enforcement to confirm that this is the correct account #.

SSID = 085M                      UA Hazard Ranking Determination Sitewide – 2015T 08L  
303DD2 085M HR00

Hi Sabrina and Paula – Do either of you know the SSID and action code for Upper Animas for time billing purposes?

Thanks,

Rob
